

## Thrivent Action Teams

Thrivent allows members to apply for a maximum of two action team grants per calendar year. Each grant is \$250 and can be used for a wide variety of community service projects. If you're a Thrivent member, see if you can take advantage of this great opportunity to boost a community service project. [Learn more about Thrivent Action Teams here.](#)

When you apply to lead a Thrivent Action Team, you will receive an invitation to join the Thrivent Action Teams Hub as part of your member experience.

The Thrivent Action Teams Hub is a new digital platform that helps YOU celebrate your Action Team project and gives you tools to easily share the impact you are making in your community. On the Hub, you can create a personalized project page, easily invite friends and family, and share out on social media and email. The Hub also allows your project volunteers to RSVP and has built in automated email reminders.

In addition to inviting others to grow your impact, you and your volunteer team can post stories and photos from your project directly on to the site making it easy to share with your team and help others be inspired.
